

# List of out-of-sequence endorsements now posted on agent portal

Last quarter, we reminded you that you can see a list of your agency's cancellations for the last ten days on the homepage of our agency portal at [www.mbgagents.com](http://www.mbgagents.com)

This quarter, we want to be sure you know that you can now view renewal term/out-of-sequence endorsements on our portal as well. [Bulletin PL-22-02](#), which announced this new feature, was sent to you on March 24.

This list of endorsements that need to be completed for your agency shows on the homepage just below pending transactions and just above the list of cancellations.

Cancellations (Last 10 Days)

All: (0)

You will continue to see a red message in our rating system when an out-of-sequence endorsement needs to be added to the renewal term. We will also continue to send you the email reminders you typically receive when an endorsement needs attention. Please contact your marketing representative or your personal lines underwriter if you have questions.
